

The Call

*In silence from silence
In darkness from darkness
Song comes.*

*Unheard, unseen, unfelt
Dreammind, dreambody
Membrane below sound,
Membrane below sight ,
Membrane below touch,
Membrane below thought.*

*Stirring begins
Out of endless light (or love)
Stretching begins
Through all unseen places
Seeking begins
Wanting closeness,
Ending begins,
And in their end
Is our beginning.*

The Call
